

# OFT-CLN 2.5

Anchoring Clamps

These anchoring clamps are made of one opened conical fiber glass reinforced body, a plastic wedges and a SS201 bail. The anchoring clamps allow an easy and quick securing of  $\Phi 8$  to 22 mm conductors.

## Features:

Model	Suitable Cable dia. (mm)	Materials		Breaking Load	Weight
		Body / Wedges/ Thimble	Bail		
OFT-CLN 2.5	8~22mm	UV Protected Thermoplastic (PA66 plus fiberglass)	Stainless Steel	2500N	94.3g $\pm$ 0.01

## Applications:

- FTTH access network
- Telecommunication Networks
- CATV Networks
- Data communications Networks
- Local Area Networks
