

# OFT-SCN

Suspension Sets for 200m Span

Suitable for insulated neutral 35, 50, 54 and 70mm<sup>2</sup>. Consist of glass fiber reinforced thermoplastic UV resistant suspension clamp and a CS-14 aluminum alloy bracket which can be bolted with M12 or M16 bolts or strapped to the pole with 2 stainless steel straps 20mm\*0.7mm. It is delivered without bolt and straps.

## Features:

Specifications				
Components	Materials	Working Load	Applicable conductor range	Weight
Bracket	Aluminum alloy	Max. 8KN	35, 50, 54 and 70mm <sup>2</sup>	184g
Suspension clamp	reinforced thermoplastic UV resistant body and latch		25-120mm <sup>2</sup>	191g

## Applications:

- FTTH access network
- Telecommunication Networks
- CATV Networks
- Data communications Networks
- Local Area Networks
