

OFT-SCCS-XXYY

ADSS Suspension Clamp plus Anchor Clevis
150m Span Length

Technical data sheet for our Suspension Hardware designed specifically for spans of up to 150 meters, featuring part number OFT-SCCS-XXYY. This document provides comprehensive details regarding the specifications, features, and applications of this product. Developed to meet the rigorous demands of suspension applications, the OFT-SCCS-XXYY offers robust construction and reliable performance.

Configuration:

- 1- Anchor shackle: Hot-dip galvanizing steel.
- 2- Housing: aluminum alloy.
- 3- Rubber insert synthetic rubber.
- 4- Bolt, nut, cotter pin.
- 5- Standards compliance with: IEC61284:1997, GB/T 2314-2008, GB/T2317.4-2008.

Technical Data:

RTS: greater than 20kN

Recommended d span length: 150.

Product Mod	Cable Diameter (mm)	Anchor Shack	Slip Strength (KN)	Armor Rods (mm)
OFT-SCCS-1214	12-14	U-4	≥10	0
OFT-SCCS-1416	14-16	U-4	≥10	0

Anchor shackle:
