

OFT-TD1

Type D Retention Hardware

The OFT-TD1 Small D-Type Fitting is engineered to support and secure aerial fiber optic cables. Its resilience to challenging environmental conditions is attributed to its galvanized steel construction, providing protection against corrosion and UV rays.

FEATURE:

1. Material: Hot dip galvanized steel. A36.
2. Tolerance:
 - a. Dimensions $\leq 35\text{mm} \pm 1\text{ mm}$.
 - b. Dimensions $> 35\text{mm} \pm 3\%$.
3. Standard: ASTM 153.
4. Maximum tension: 20 KN.
