OSCH-120

Fiber Optic Horizontal Closure (Black)

OSCH-120 Fiber Optic Splice Closure — Inline closure molded from ABS plastic for reliable splicing and distribution of various optical cables in access and distribution networks. It provides 4 round cable in/out ports supporting cable diameters from Ø7 to Ø18 mm. A mechanical sealing structure filled with sealing compound enhances environmental protection, and the closure is re-enterable—it can be opened after sealing for inspection or expansion.
