

OTB-0602AIW

Fiber Optic Termination Box (White)

Fiber Optic Surface Box (Faceplate) — 2× SC Ports

Compact indoor outlet for residential/MDU FTTH installations. The easy-open design gives quick access to cable entry points, while the internal routing maintains the minimum bend radius required for neat installation of splitters, pigtails, and drop fibers. Supports up to two SC simplex adapters for tidy subscriber terminations.

Features:

Dimension(mm)	164*102.8*20
Material	ABS
Splicing capacity	6 fibers
Adapter	2 Pcs SC adapter
Application	Indoor wall mounted

Typical applications

- FTTH subscriber outlet, ONT handoff, apartment/MDU drops

Applications:

- FTTH access network
- Telecommunication Networks
- CATV Networks
- Data communications Networks
- Local Area Networks
