Fiber Optic Termination Box Indoor (White)

Fiber Optic Surface Box (Faceplate) — 2× SC Ports

Compact indoor outlet for residential/MDU FTTH installations. The easy-open design provides quick access to cable entry, while internal guides maintain the minimum bend radius, enabling neat installation of splitter pigtails, standard pigtails, and drop fibers. Supports up to two SC simplex adapters for tidy subscriber terminations.

Features:

Dimension(mm)	165.73*90*24.1
Material	ABS
Max capacity	4 fibers
Adapter port	4 Pcs SC simplex
Drop Cable port	4 Pcs FTTH
Splitter	Can load 1Pc PLC 1:4 steel tube type splitter
Application	Indoor wall mounted

Applications:

- FTTH access network
- Telecommunication Networks
- CATV Networks
- Data communications Networks
- Local Area Networks
