

OTB-0604AOW

Fiber Optical Termination Box Outdoor (White)

OTB 0604AOW Fiber Optic Terminal Box — Indoor terminal/distribution enclosure for mini-network endpoints. Designed to interconnect optical cables, patch cords, and pigtails in one compact box, providing tidy routing, bend-radius protection, and a clean handoff to customer or equipment ports. Ideal for FTTH/FTTB, MDU, and small enterprise drops.

Features:
